

La Naturaleza/Nature Surrounds Me

We are entering the second trimester of the year and the students continue to do a wonderful job in Spanish class!. In this unit, "¡Vamos Afuera!", "Let's go outside!", the students will learn to describe where they are and what they see in a particular habitat. It should be fun to "step out" of College Park and do some "exploring!"

As always, feel free to contact me with any questions or comments!
